KAMPALA

**CLARIFICATION ON THE YELLOW FEVER VACCINATION CARD REQUIREMENT
FOR ENTRY IN TO UGANDA**

Reference is made to your letter ADM/551/581/01, dated 31st July, 2026 requesting
clarification on the yellow fever vaccination certificate requirement for entry in to Uganda.

This is to formally clarify that that a **Yellow Fever Vaccination certificate is no
longer a mandatory requirement for entry into Uganda.** This requirement is
neither listed on the e-visa application portal (www.visas.immigration.go.ug) nor on the
National Citizenship and Immigration Control (NCIC) website (www.immigration.go.ug).

Accordingly, travelers to Uganda do not require a Yellow Fever vaccination certificate for
entry. For any further information please contact our Public Relations office on Phone
Number 0417102600, or on email: infor@immigration.go.ug

Your usual cooperation is highly appreciated
